replaced relay in box 391; made bench-board and installed same in
transmitting room 2, 4 and 5; installed 4 lines for police radio
circuit to box 4; cut the north and south lines into the Williamsburg
transmitting and the south and north lines into the Westchester
transmitting room.

During the year, monthly tests were made on all police signals
transmitting and police signals on system. Also, considerable
work was done on the lines and the several transmitting
stations were to be disconnected during the year. Transmitters were
also and temporary lines obtained from the telephone company to make
the cut-over. As it was necessary to keep all the present stations
working, this was accomplished by connecting the signal and telephone
lines in the present stations to be disconnected and by routing
them to the stations to which they would signal in the future, as
follows:

Westchester and Columbia were cut into the Westchester Station
and the Williamsburg was cut over to the Williamsburg Station.
In the above cut-over, transmitters were down an 11 days.
Transmitters were again put back into service, some could be done at
actual labor, several not cost.

STATEMENT "Q" Sheet #1

- JUNIOR SAFETY DIVISION -

At the close of the Schools, December 23rd, 1936, Junior Safety Patrols were operating in 111 schools as follows:

76 Public Schools
18 Catholic Schools
16 Sunday Schools
1 Japanese Language School

2,100 Pupils were serving as members.
275 School crossings were under Patrol supervision.
Patrols were on duty from 8 A.M. to 6 P.M. daily.
Over 34,000,000 crossings of children are supervised yearly.

No deaths to children have occurred on Patrol crossings since the year of 1928 when the Patrol was established.

No Patrol officers have been injured while on duty. Approximately ten thousand pupils have served as members.

The Patrol completed the year of 1936 with only one child being injured.

City-wide injuries to children under 18 years of age, OUTSIDE OF SCHOOL HOURS show that there has been a decrease in the number killed in comparison with 1935, and an increase of 12 in the number injured.

Fatalities 1936 ----- 6	1935 ----- 10
Injuries 1936 ----- 327	1935 ----- 315

The increase in the number of those injured can be laid to the large number of bicycles in use. The number of bicycles involved in accidents is mounting as the following figures will show. In the past three years 6 children have been fatally injured while riding and 475 others were involved in accidents.

The following statistics cover deaths and injuries to Minors since the year of 1930:

	<u>Fatalities</u>	<u>Injuries</u>
1930	14	358
1931	15	496
1932	9	417
1933	10	380
1934	8	338
1935	10	315
1936	6	327

1 Arrest was made during the year, for violation of school ordinances. Fine \$50.00.
80 Drivers were called to Police Headquarters, for failure to cooperate with Patrol officers, and reprimanded.
3 Cases of interference with the Patrol were handled.

STATEMENT "Q" Sheet #2.

The same splendid cooperation, as given in past years, was continued during 1936 by the Seattle School Board, Supt. of Schools, School Principals, the Automobile Club of Washington, the Northwestern Mutual Fire Association, P. T. A., Seattle Street Department, the Mayor and Chief of Police, and the various divisions and Captains of the Seattle Police Department, also the newspapers of the City.

For instruction purposes, this year instead of going to each school, meetings of the Patrol were held at the Broadway High School.

During the Summer vacation period, 16 millimeter moving pictures were made showing how children have been killed and injured in the City. These were used in the schools as a demonstration of how to prevent accidents. Another film was made showing the Patrol in operation on the different type crossings, and other activities of the Patrol. In connection with the Pre-school section of the P.T.A., a film was made showing Backyard Playgrounds in use.

81 School assemblies were held, which were attended by approximately 24,341 children, at which times lectures on safety and juvenile crime were given, and patrol members were given their pledges before their classmates.

A total of 144 lectures, including radio talks, on safety and juvenile delinquency, were given before school assemblies and various other organizations.

On May 31st, with the aid of the Patrol from the Japanese Language School, the picnic of the Japanese School held at Jefferson Park was policed. This involved the parking of approximately two thousand cars.

On June 6th, the Eighth Annual Outing was held at Playland Amusement Park, north of the City, where rides on all amusement devices were purchased. Transportation to and from the Park was furnished. The Automobile Club of Washington cooperated in making our Program a success. This outing was attended by 1,555 members.

18 Requests for information on the Seattle Junior Safety Patrol were received and complied with, and three officers from other cities called in person.

A total of 1181 Merit badges of all classes were presented during the year, and 10 gold badges were awarded.

The emblem below was adopted as the official insignia:
